

NORDIC Kvæg-Hyg

EFFECTIVE DRYING AGENT

pH-neutral, ammonia-binding drying agent

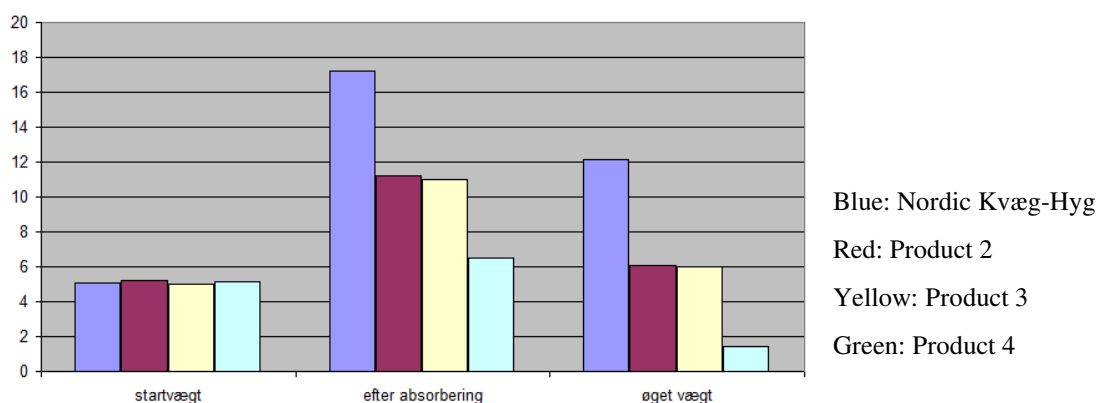

- ▶ Eliminates breeding grounds for microorganisms, flies and insects. Efficiently binds ammonia.
- ▶ Non-aggressive to environment and fixtures.
- ▶ Contains many moisture-absorbing compounds.
- ▶ Documented reduction in bacteria counts.

NORDIC Kvæg-Hyg kills bacteria. Eliminates colonies and prevents new growth.

NORDIC Kvæg-Hyg has been specially developed for use in the cattle sector.

NORDIC Kvæg-Hyg has proven effectiveness.

NORDIC Kvæg-Hyg absorbency has been proven in tests.

Technical data:

Powder – pH approx. 7

Application:

Initially, apply a handful (approx. 40 g) of NORDIC Kvæg-Hyg per m² two to three times a week in stalls and resting areas.

Subsequently, apply NORDIC Kvæg-Hyg as required.

Test results:

ITEM/SAMPLE :	Weight before submersion	Weight after submersion	% absorbency
Sample 1 Kvæg-Hyg	5.079 g	17.193 g	238.5
Sample 2	5.201 g	11.245 g	116.2
Sample 3	5.002 g	11.028 g	120.5
Sample 4	5.127 g	6.521 g	27.2

Four samples were weighed out. Each sample weighed 5 g.

The samples were submerged in water in a "tea bag".

The samples remained submerged for 120 minutes before being taken from the water, suspended and allowed to drip for 15 minutes.

The samples were then reweighed.
